

## The Joy of Work

If you think that work's a bore,  
Or if you think a job's a chore,  
Then you have missed the latest news;  
Because work is gratifying, if you choose.

A career is not a thing to dread,  
But something that brings joy instead.  
It gives you hope and expectations  
Of a life devoid of limitations.

Careers aren't about the daily grind  
But a life well lived, so keep in mind  
The choice is yours; the sky's the limit.  
Just take a chance and jump right in it.

You'll be amazed when you comprehend  
That a career has many dividends.  
A life you love is what you'll find  
When you choose a job with the end in mind.

Start right now and just begin  
To find the job where you fit in.  
Your work will bring you years of pleasure  
And enrich your life beyond all measure.
